CERTIFICATE OF COMPLETION

REO CERTIFIED PROFESSIONAL

The bearer of this certificate has cleared the assessments required to be deemed as a Reo Certified Professional for this program. Scan the code for program details.

PRESENTED TO:

Bhanu Swaroop Gaddam

For having successfully completed the online program:

3D Modeling and Energy Estimation with HelioScope

The bearer of this certificate has completed a 7 hour online training on the complete functionality and applications of HelioScope. The program covered drawing professional-grade designs, analysi and reports for flat roof, flushmount, ground-mount, single-axis tracking and east-west racking systems of solar PV plant sizes varying from 50kWp to 5MWp.

Issue Date: 22 Apr, 2022

Certificate Code: HEL202204_1326

This program completion certificate has been issued for clearing an online program developed, organized and conducted by Reo Training.
